IOWA STATE JOURNAL OF RESEARCH
TABLE OF CONTENTS
Volume 51
(August, 1976-May, 1977)

No. 1, August, 1976

ROGERS, G. E. Vertical burrowing and survival of sphaeriid clams under added substrates in Pool 19, Mississippi River 1
HOLLANDER, W. F. Hydrocephalic-polydactyl, a recessive pleiotropic mutant in the mouse, and its location in chromosome 6 13
PEARCE, R. B., T. M. CROSBIE, and J. J. MOCK. A rapid method for measuring net photosynthesis of excised leaves by using airsealed chambers 25
CONOVER, D. K. Object preference and resulting movement behavior of three-to-seven-year-old custodial and trainable retarded boys 35
HEIN, M. K. Aspects of the flora of Adak Island, Alaska: vascular plants 39
YOESTING, D. R., and D. L. BURKHEAD. Perception of water pollution in a rural area: a cognitive dissonance approach 59
BOLES, D. E., and M. W. TRIPLETT. Special governmental districts in the 1970's: changing importance of special districts in governmental organization during the late 1960's and early 1970's 67
Index to Masters' Theses, 1975-76 81
Index to Doctoral Dissertations, 1975-76 110
ROGERS, R. R., W. A. RUSSELL, and J. C. OWENS. Relationship of corn rootworm tolerance to yield in the BSSS maize population 125

No. 2, November, 1976

Iowa State Humanities Symposium
MYTHS and MINDS: Games People Think

GEORGES, R. A. Introductory Remarks. v
FOLSOM, J. K. Introduction: Of Myth and Man 131

I. MYTH and COMMUNITY
GERSTER, P. Mythology: Old and New 139
LAWRENCE, J. S. The Persistence of American Manicheanism 145
SOLOMON, T. J. The Grand Myth of the One and the Many 151
McGRAW, B. Myth: A Semiological and Ideological Definition 159
NELSON, R. S. The Prison of One's Own Mind 165
HOLLINGER, R. The Myth of Relativism (abstract) 169
CONSIGNY, S. The Personal Myth (abstract) 171

II. MYTH and ITS MANIFESTATIONS
HYMES, D. The Sun's Myth 175
BATAILLE, R. R. Conservative Myth as a Response to Modernity and Popular Culture: The English Augustans and the American Agrarians 185
URBANOWICZ, V. Myth and Science in the Libertarian Idea of Human Nature: Three Writers 193
BRUNER, C. H. If it be not sweet, some you may take as true 203
ROSS, R. G. Wilhelm von Humboldt's Theory of Linguistic Relativity: Language as the Original Myth (abstract) 211
MORRIS, D. H. Stéphane Mallarmé: A Study in Mythopoesis (abstract) 213

III. UNITY through MYTH
KUPFER, F. Androgyny and Literature 217
AMELINCKX, F. The Myth of Unity and Poetic Language 223
DAVIDSON, H. M. Myth, Mathematics, and Rhetoric: The Example of Pascal 229

NORMAN, B. Some Similarities between the Classical and Modern Scientific and Literary Minds 235
LEACOCK, R. A. The Poetry of Physics and the Physics of Poetry: Isaac Newton and William Butler Yeats 241

No. 3, February, 1977

SHAW, R. H. Use of a moisture-stress index for examining climate trends and corn yields in Iowa 249
ALFRED, L. R., and E. S. TAKLE. Spectral analyses of precipitation data for Iowa and Kansas 255
FASEHUN, F. E., and J. C. GORDON. Difference in growth response to light intensity by *Populus* x *euramericana* clones 265
ELLIS, C. J. Syringeal histology. VI. Icteridae: red-wing, *Agelaius phoeniceus*, and bobolink, *Dolichonyx oryzivorus* 271
NORTON, D. C. *Helicotylenchus pseudorobustus* as a pathogen on corn, and its densities on corn and soybean 279
RIGGINS, R. A. A biosystematic study of the *Sporobolus asper* complex (Gramineae) 287
POHL, R. W. *Eragrostis contrerasii*, a new grass species from Central America (Gramineae: Chloridoideae) 323
ESHELMAN, S., and J. L. STANFORD. Tornadoes, funnel clouds, and thunderstorm damage in Iowa during 1974 327
MYERS, T. V., and L. P. PEDIGO. Forecasting green cloverworm larval population peaks 363

No. 4, May, 1977

STOLTZFUS, W. BRYAN. The taxonomy and biology of *Eutreta* (Diptera: Tephritidae) 369
BREITER, J., and J. MENNE. Social studies curriculum and the elementary teacher 439
GIMMEL, D., A. NETUSIL, L. SCHWENK, A. SHERICK, R. VOLKER, and W. WOLANSKY. Long-term retention from audio-tutorial teaching 465
WILLIAMS, D. D. A key to caryophyllaeid cestodes of Wisconsin fishes 471
